

# Eames Plastic Armchair on beam

Charles & Ray Eames, 1950

**vitra.**

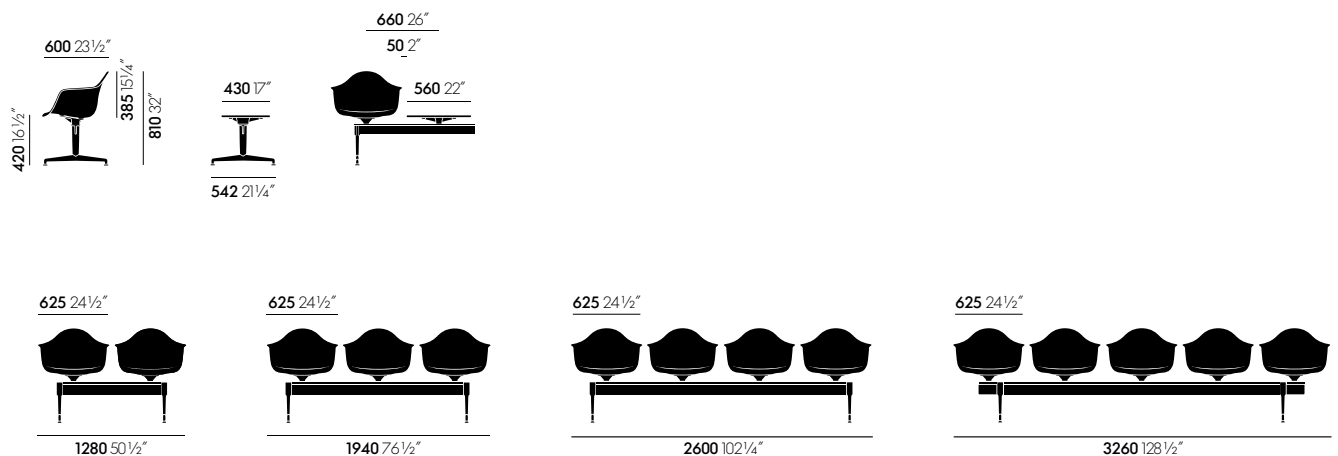

## Eames Plastic Armchair on beam

With its integrated armrests, the organically shaped shell of the Plastic Armchair offers superb comfort. Mounted on a base beam, the Plastic Armchair is transformed into a modular system for waiting areas. Different shell colours and upholstery versions provide a multitude of possible combinations.

### Materials

- **Table unit:** black solid core material (560 x 430 mm).
- **Base:** two-legged beam support in different lengths accommodates 2 to 5 chair shells or table units. T-beam: epoxy-coated in basic dark, polished aluminium legs. Fitted with plastic glides for carpet or anti-skid felt glides for hard floors.

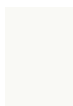

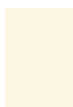

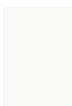

## DIMENSIONS (in accordance with EN 1335-1)
