

Suita Club Sofa

Antonio Citterio, 2010

vitra.

Suita Club Sofa

The Suita Club Sofa was developed for use in offices, waiting areas and lobbies. The high-quality construction, materials and workmanship satisfy the especially demanding conditions of such public areas. The upholstery of the backrest ensures exceptional comfort without the need for additional cushions.

Materials

- **Legs:** die-cast aluminium, polished or powder-coated.
- **Body:** moulded polyurethane foam with braced metal frame.
- **Seat cushion:** polyurethane foam and polyester filling.
