

Plot — GamFratesi — 2021

Si piegano a ogni esigenza, ridisegnando con eleganza, leggerezza e discrezione gli angoli desiderati. Sono i separé modulari Plot. Disegnati da GamFratesi e prodotti da Poltrona Frau, i separé Plot sono caratterizzati da un design essenziale, che oltre a dividere gli ambienti della casa e garantire maggiore privacy, contribuisce a decorare l'ambiente. L'elemento simbolo del prodotto è la creazione di diversi pattern geometrici tramite l'utilizzo della pelle intrecciata. Nei pannelli Round l'intreccio gioca con la forma del cerchio, declinando le varie combinazioni, mentre nei pannelli Square la forma geometrica riproposta è il quadrato.

CARATTERISTICHE TECNICHE

Modelli.

- Separé a 2 Moduli
- Separé a 3 Moduli
- Separé a 4 Moduli

Disegno. Si differenzia in funzione del pattern geometrico scelto per intrecciare le fasce di pelle.

- Round, l'intreccio gioca sulla forma del cerchio
- Square, l'intreccio gioca sulla forma del rombo

Struttura. Telaio realizzato in tubolari di alluminio impiallacciato in Frassino tinto moka (61).

Elementi di giunzione. I tubolari verticali e orizzontali sono raccordati da angolari in metallo con finitura ottone opaco.

Appoggi. Nella parte inferiore la struttura poggia su piedini in metallo con finitura ottone opaco agganciati a dei puntali conici in metallo verniciato di colore marrone (RAL 8028).

Rivestimento. In Pelle Frau® ColorSphere®.

Le fasce intrecciate in sono agganciate ai tubolari metallici e sono disponibili con abbinamenti colore prestabiliti.

Il primo colore identifica la fascia verticale, il secondo quella orizzontale.

- SC 26 Topo / SC 28 Seppia
- SC 44 Noisette / SC 42 Maquillage
- SC 44 Noisette / SC 99 Carrubo
- SC 66 India / SC 67 Chiodi di Garofano
- SC 173 Glauco / SC 180 Celadon
- SC 248 Iris / SC 99 Carrubo

They can be folded as required, redesigning any corner with elegance, delicacy and discretion. We are talking about the Plot modular room dividers. Designed by GamFratesi and produced by Poltrona Frau, the Plot room dividers have a simple design that embellishes the home in addition to creating separate spaces and guaranteeing greater privacy. The most distinctive detail of this product is the geometric patterns created using plaited leather. In the Round panels this weave plays with the shape of the circle, presenting various combinations, while in the Square panels the geometric shape is, as the name suggests, the square.

TECHNICAL FEATURES

Models.

- 2-module room divider
- 3-module room divider
- 4-module room divider

Designs. Differ in terms of the geometric pattern chosen to plait the bands of leather.

- Round: the weave is circular
- Square: the weave is square

Structure. Aluminium tubing veneered with a moka ash finish (61).

Joints. The vertical and horizontal tubes are connected with metal joints with matt brass finish.

Base. At the bottom the structure is supported by metal feet with matt brass finish hooked to metal conical caps painted brown (RAL 8028).

Upholstery. In Pelle Frau® ColorSphere®.

The woven bands are hooked to the metal tubes and are available in the pre-established colour combinations.

The first colour is the vertical band, the second colour the horizontal band.
