➤ Se non utilizzato per lunghi periodi, si consiglia di rimuovere i cuscini e ricoverarli in luogo asciutto e di coprire la struttura del divano Milos con le apposite fodere al fine di mantenerlo in buone condizioni e preservarne lo stato originale il più a lungo possibile.

La maggior parte dei componenti utilizzati per la realizzazione del divano Milos può essere riciclata.

If left unused for lengthy periods of time, it is recommended that the cushions be removed and stored in a dry place and that the structure of the Milos sofa be protected with its own covers to keep it in top condition and maintain its original appearance as long as possible.
