

Aluminium Chairs EA 118

Charles & Ray Eames, 1958

Aluminium Chairs EA 118

The models EA 117, EA 118 and EA 119 are the task chairs in the Aluminium Group by Charles and Ray Eames. The tilt mechanism in the seat can be adjusted to the weight of the user, providing for optimum comfort. Covers are available in a wide variety of colours, making it easy to find the perfect chair for every home office. The Aluminium Chair EA 119 is distinguishable from EA 117 and EA 118 by its higher backrest. EA 118 has a somewhat narrower seat, and the sitting position of this model is more specifically suited for table-oriented activities.

Materials

- **Backrest and seat:** EA 118 with medium-height backrest and table-oriented sitting position; High-frequency welded horizontal ribbing in Hopsak, Leather or Premium Leather. Side profiles and spreaders in polished or chrome-plated die-cast aluminium.
- **Seat mechanism:** adjustable backward tilt, lockable in the forward position. Continuous seat height adjustment with gas spring.
- **Armrests:** die-cast aluminium, polished or chrome-plated finish.
- **Base:** five-star base in polished or chrome-plated die-cast aluminium. Equipped with hard castors for carpet or soft castors for hard floors. Castor covers in black for polished base, with chrome-plated finish for chrome base.

DIMENSIONS (in accordance with EN 1335-1)

EA 118

Hopsak

100% polyamide | 550 g/m²

Hopsak is an expressive, flat plain-weave fabric made of polyamide. The duotone colours offer a multitude of design possibilities in high-contrast, brightly hued or subtle combinations of warp and weft threads. Highly durable and robust, Hopsak can be used in private interiors as well as public areas.

Hopsak is available in 28 colours.

Premium Leather

Thickness 1,1-1,3 mm, semi-aniline-leather

Premium leather is a relatively smooth cowhide leather with a flat grain and fine top sheen. It is dyed-through and lightly pigmented. The semi-aniline leather is soft to the touch, like a leather glove.

Premium leather is available in 22 colours.

 72/88 snow/white	 65/19 granite/sierra grey	 58/58 khaki/khaki	 93/77 brandy/brick

Leather

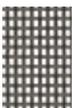

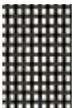

Thickness 1,1-1,3 mm, pigmented leather

The standard grade leather used by Vitra is a robust cowhide leather, dyed-through, pigmented and embossed with an even grain pattern. Since it is hard-wearing and easy to maintain, it can also be used in office environments.

Standard Leather is available in 8 colours.

	 67/69 asphalt/ dark grey	
	 66/66 nero/nero	 70/72 red/poppy red
